Staff Lounge
Return to service:

- Security at the front door
- Linen services
- Patient nutrition
- Return staff from Nursing floor deployment
  - Outdates, clean and clear out clutter
  - Wash waiting rooms, equipment, return the removed PPE
  - Prepare for State Board of Health inspection – Accreditation walkthrough
Med gas line hold up

- 2 business days prior to opening
- Change gears, change location
- Administration gives OK for ASC staff to work in Periop areas – HUGE Caregiver satisfier!
We’re Back!

- Morning meeting – remind staff:
  - Continued safety practices: Universal Protocol, counts, fire safety
  - Remember to remove the cloth for OR- buddy watch
  - First OR day went well 10 cases, 2 Ors
    - Registration
    - Preop – electronic record texting to families
    - PACU- new work flow 1. phone instructions
      - 2. curb side
      - 3. consultation room (minors, need of assistance)
Thank you!
